Fire Chiefs report September 2016

9/23 ferry line called dispatch to tone out Fire Department for possible fire seen from the ferry, location near the airport. Toned out at 19:46 as a stand by situation. A fire was located at the Island Oasis beer bar by F/D and law enforcement. The fire at this time was in the parameters of a supervised recreational fire. There was water source on hand. F/D ordered to stand down.

10/3 dispatch toned out Lapointe Fire/rescue for a basement smoke alarm warning at 1430 north shore road. After seeing no visible smoke of any sign of fire we were on stand by until key holder arrived. We then confirmed the call to be a false alarm.
