
INTEROFFICE MEMORANDUM

TO: TOWN OF LA POINTE BOARD OF SUPERVISORS
FROM: MICHAEL DALZELL – AIRPORT MANAGER
SUBJECT: MONTHLY REPORT
DATE: 21 MARCH 2016
CC: TOWN OF LA POINTE CLERK

I just heard back today from Gayle Stearn at the BOA as to the status of the AWOS project. The contract to Nelson Construction for the clearing and access road is currently with SHPO (State Historic Preservation Office). It is not expected to be signed off by them until mid-April. The involvement of SHPO and their review is due to Madeline Island now being a “National” historic site. The timeline now has the projects expected completion to be late spring or early summer. We are now one year behind schedule. Ms. Stearn apologizes for the delay.

I recommend approval of Terry Schneider’s lease renewal.

Respectfully,
