

MADELINE ISLAND "CLEAN SWEEP" COLLECTION EVENT

TUESDAY, July 28, 2015

8:30 A.M. TO 2:30 P.M.

MATERIALS RECYCLING FACILITY (AKA "THE DUMP")

Bring your Household Hazardous Waste and Medicine:

- Household pesticides including herbicides, insecticides, fungicides, and rodenticides
- Plumbing system cleaning agents such as lye and acids
- Solvents such as acetone, turpentine, mineral spirits
- Non-latex paints: lead, enamel, oil-based, and metal-based
- Photographic chemicals
- Acids (sulfuric, muriatic, hydrochloric) and strong bases
- Elemental mercury and mercury-containing devices such as thermometers, thermostats, switches, manometers
- Ni-CD, lithium, and mercury batteries
- Pool and spa chemicals along with bleaches
- Wood and paint stripping agents such as methyl chloride
- Wood treatments containing penta, creosote, or arsenic
- Non-latex coatings such as lacquer, stains, and varnishes
- Contaminated waste oil and hydraulic fluids
- Flammable materials such as lighter fluids, charcoal lighter, kerosene and waste gas
- Exterior surface coatings such as deck stains and driveway sealers
- Aerosol cans containing many of the above
- Prescription drugs
- Over the counter medications

This event is funded in part by the Wisconsin Clean Sweep Grant Program. Thanks also to the Northwest Regional Planning Commission for their support and assistance in making this event possible.
