Summer is in full swing!! There were a lot of people here over the 4th of July weekend. And with that ferry line back up that lasted into the evening hours, you can really tell.

The TraCs grant is fully closed and we have been reimbursed. All the equipment has come in for the Booze and Belts Grant and once we have cancelled checks to send in, we will be reimbursed for that one as well.

Adding the bike downtown has been met with a ton of praise and it is a positive for us. This was something I believed we needed for a while, and Officer Rossberger has made it happen, and in a good way. We have received a few donations that will definitely get us started, but still need more for us to continue to make this a permanent fixture for years to come.

One officer still needs to make up training for the fiscal training year that ended on June 30. He will be able to make it up sometime this year; he was unable to attend as he was out with an illness for most of the winter. As we are getting closer to not having our own firearms instructor, we are preparing for the future and we are going to start getting some mandated instructor classes this fall to prepare for the future.

If you have any questions, please feel free to stop by the Police Department office.
