

M.R.F. Supervisor's Monthly Report January 4th, 2013

The fun had by the Town of LaPointe M.R.F. attendants for the month of December includes the following:

Accepting incoming trash and other junk

Sorting recyclables

Baling recyclables

Smashing the demo boxes

Crushing glass

Moving snow

Working on electronics

Cleaning the shop

Getting rid of the mattress and furniture pile

Servicing the equipment

Working on the haz-mat

Cleaning the exchange

Switching the solid waste and demo boxes

Answering numerous phone calls

Plus our daily routine

Additional info:

1. I will not be shipping any more recyclables until springtime. I think over all we had a pretty good year as far as the revenue goes. We'll see when the final numbers come out.

I will be getting set up to install the new shop lights in the next few weeks. It sure will be nice to see in the shop again without having to open all the doors.

Respectfully Submitted,

Ted Pallas Supervisor, M.R.F.
