Re: Monthly Police Report March 2016

During the month of February 2016 the La Pointe Police responded to the following:

33	Incidents/Complaints
9	Citizen Assists
4	Accidents
1	Civil Process
3	False Alarms
2	Animal Calls
2	Vehicle Registrations
0	Call outs
8	Parking Citations

The calls for February pretty much stayed the same, we continued parking enforcement in town parking lots in regards to over time parking and snow removal, and we have been working with the roads department for a plan to take care of them easier in the future, now that the weather will be warming up, we will be expecting more visitors as the ice leaves the area.

We have been continuing to work with TraCs Grant, on April 1st the Department of Transportation is holding a one day training for up to two officers from each new department to start using TraCs in Madison. Two of us will be attending to bring our knowledge back to teach the rest of the staff how to use the program in the cars. The DOT already put a "practice version" on our office computer to train on. We will not be able to close out the grant until the real program is installed on our computers and all officers are trained in the use of the program. We are hoping to be fully integrated by May.

My training at the Wisconsin Leadership Foundation was completed this month. I learned a lot at this event and will be planning on attending more in the future. There were over 400 police chiefs and command staff attendees.

A quick update on Officer Novak, he has contacted me with a timeline to return in May. He is very excited to return to work when he is cleared to do so.

If there are any questions any of you may have, please stop by and see me at any time.
