| 0  | Civil Process         |
| 1  | False Alarm           |

For some reason our call volume decreased in the month of April, but isn't April our last quiet month of year. The ferry schedule is changing May 6<sup>th</sup>, with that brings more people to the island every day we get closer to summer. Also with the ferry boat schedule change, our officers schedule changes as well to expand hours on the weekends.

Great news to report, with our participation in the Booze/Belts program in December, we were awarded a \$4000 equipment grant! This grant is limited to certain criteria for equipment purchases and the equipment must be purchased before reimbursement. We are looking at our options and may be ordering new equipment in the coming weeks.

Speaking of Department of Transportation Programs, we are once again partaking in the "Click it or Ticket" program that is set to run from May 23 to June 5, 2016.

I have been working hard to complete the TraCs grant and we will be eligible for reimbursement soon on that grant. As of the first week of May, we will be able to be functioning with TraCs, which is one of the last steps.

Officers will also be completing mandatory training in the month of May and we will also be having in-house training as well on various subjects before the crazy summer season.

As of May 4, 2016, Packer has completed the academy in Rice Lake and will be graduating on Thursday May 12, 2016 we congratulate him on his accomplishment. I received an invitation from WITC Rice Lake to attend the graduation and I plan on attending.

If you have any questions, please feel free to stop by my office.
