I. Call to Order at 6:02pm

II. The purpose of this Public Hearing is to discuss the Comprehensive Plan Update (which includes changes to the demographics)

Planning and Zoning Administrator Lisa Potswald gave update/ background of the Comprehensive Plan and its revisions noting that there were three public meetings and the Town Plan Commission had a survey sent prior to changes. The main changes are updates as to what has been done in the last seven years and to the demographics. The prior Plan listed the population to be at 500 by 2025. It was noted that the surveys were a large expense and they may look into other options for the survey in the future. Supervisor Patterson mentioned sending out postcards first, asking people if they would participate. Also possibly not using the addresses from the tax roll because many of the names listed are trusts. P. Brummer likes what the TPC has recommended- as it is.

III. Adjourn at 6:12pm
