Fire Chiefs report 7/6-8/10/15

7/17 jefferson safety company installed our new compressor that fills our new scba tanks much more efficiently than our older model. A small group of us met Saturday 7/18 to receive the tutorial on how to use said compressor and maintenance information.

8/1/15 fire /rescue toned out for a missing kayaker last seen near rocky island. Lapointe fire contacted the Coast Guard to determine what role if any we were to take on. We were informed at that time that a sailboat spotted the missing kayaker north of Oak Island. We got stand down orders and informed to monitor marine radio for updates.

8/5 toned out for smoke alarm at 372 minnewawa. Officer Tibble responded to the scene to report it as a false alarm. Stand down orders were given.

8/5 smoke reported at municipal parking lot on Sunny Slope road. Dispatch called shortly after to stand down. Source of smoke residential campfire.

I want to thank everyone who participated at the E.M.S. forth of July picnic. We were a little shorthanded just before the hungry crowd descended on us but we managed to feed them all. I think because of the forth falling on a Saturday this year we had a slightly larger crowd. Every year we get the same amount of food but this year we ran out of a few supplies toward the end. The island market and Loris store let us run a tab for a couple days to take care of the hungry ones. Thank you Jim Peters once again for all your help.

Rick Reichkitzer/ Fire Chief
