

M.R.F. Supervisor's Monthly Report June 10th, 2016

For the month of May, the M.R.F. crew did the following:

Accepted incoming Garbage
Sorted recyclables
Crushed glass
Baled recyclables
Worked on electronics
Sorted old paint
Worked on the Haz-Mat
Switched out the demo and garbage boxes
Ran the nail sweep
Bladed the driveway
Stripped wire
Picked up the grounds
Cleaned the shop
Started working on the exchange
Answered numerous phone calls
Plus our daily routine

Additional info:

1. I spoke with Jeff Wolf at Waste Management, and they will pick up our boxes on an on call basis until our truck is on the road. So service will continue without any problems.
2. I will find the money in our budget to hire Greg Thury for at least another 100 hrs. We will need him for a day of and on.
3. Carey has begun working on his CDL, so in time the M.R.F. will not need anyone in the roads dept. to haul our boxes.

Respectfully Submitted,

Ted Pallas Supervisor, M.R.F.
