

M.R.F. Supervisor's Monthly Report July 12th. 2015

The jobs done for the month of June include:

Accepting incoming garbage
Sorting the recyclables dropped off
Crushing glass
Baling recyclables
Working on the Haz-mat
Processing old paint
Smashing the demo and metal bins
Working on electronics
Sorting the scrap metal
Working on the demo area
Processing propane cylinders
Servicing the equipment
Cleaning the shop
Switching the demo and solid waste boxes
Answering numerous phone calls
Plus our daily routine

Additional info:

1. The recyclable market is as low as I have seen it, in my 16 yrs. I am going to hold on to our bales and hope for a climb. I am sure it will rise up again.
2. Adam is skirting the new glass crusher, we should have it in service soon.

Respectfully Submitted,

Ted Pallas Supervisor M.R.F.
