

M.R.F. Supervisor's Monthly Report April 8th, 2013

Things are picking up a bit at the M.R.F. The jobs done by the crew include:

- Accepting incoming trash
- Sorting the recyclables
- Crushing glass
- Baling recyclables
- Working on the electronics
- Sorting old paint
- Dealing with the haz-mat
- Working on the exchange
- Smashing the demo boxes
- Moving snow
- Cleaning the shop
- Working on the scrap metal
- Answering numerous phone calls
- Filing DNR reports
- Plus our daily routine

Additional info:

1. We are near having the shop cleaned out so we can get the boom truck in to install the new shop lights. I will be setting up a time with the electrician, and have the wiring done for the wire stripper done at the same time.

Respectfully Submitted,

Ted Pallas Supervisor M.R.F.
