
INTEROFFICE MEMORANDUM

TO: TOWN OF LA POINT BOARD OF SUPERVISORS
FROM: MICHAEL DALZELL – AIRPORT MANAGER
SUBJECT: MONTHLY REPORT
DATE: 26 MARCH 2012
CC: TOWN CLERK

I would like to thank the Board for passing our new six year plan for the airport last month.

You will notice from my daily check lists that I have asked the road crews to notify me whenever they are actually on the runway, for snow plowing or removing snow berms, so that I can issue a NOTAM closing the runway while they are working. Not closing the runway in the past has not been a problem at our airport but the FAA is recommending more restricted access when men and equipment are on the runway. This is a part of their program to reduce the number of runway incursions at busy airports and smaller airports without a control tower. So far the new system is working well with Evan and William keeping me informed.

Respectfully

Michael Dalzell
