7/21 NOTAM Report

(5)TB, Michael Barb, Micaela,  
Ben, Paul, Public

**Major Gilbert Field (4R5)**

**To:** Town Board

**From:** Paul Wilharm

**Date:** 09/09/21

**Re:** Monthly report for August 2021

During the month of August our airport was issue free !

The FAA inspected the AWOS

Safety is my number one priority and with the huge increase in airport operations I have witnessed some unsafe behavior on airport property to include tourists riding bikes down the runway, vehicles and mopeds driving through the ramp to look at the planes sometimes with props in motion. People walking dogs on airport property and looking at aircraft on the ramp. I remind who I see that the property is posted no trespassing. Some are defiant. The police have been assisting with behavior modification. My biggest concern as vehicles cut through the ramp and turn into a hanger row is the blind spot with a hanger and if there is an active aircraft there waiting to pull on the ramp.

Attached are logs / checklists

Thanks !

Paul

September 2021 Traffic count and revenue log / checklist

Drop box receipts \$ 410.00

See attached flight plan log and terminal log for traffic counts

**Please note> when I started this position I set it up with flight aware so I get an e-mail when anyone files a flight plan. This has always been helpful as I also get an e-mail when they land. This is one resource for traffic counts. In the past I manually typed these on this sheet. One time I printed the e-mails which generated much paper. Today it's a manual written log to save time. ALSO NOTE> Not every aviator files flight plans and/or signs in on arrival.**
